

## Instructions for using the Harwich & Dovercourt MBC Racing Calendar

In order to simplify racing management, we are instituting an interactive calendar via the club website so that Club Officers do not have to send email circulars to identify people interested in taking part on any particular day.

To use the calendar more easily there are a few steps that you need to complete to make your overall experience better.

Firstly, to save time from filling you will notice a new "Login" prompt on the heading of each page.

You can add the event to your personal calendar if you wish. I have not tried this.

If you go back to the Calendar and look at the event on the date you wanted to attend, you will now see an additional icon indicating that you will be attending:

If there are multiple people attending, you will see multiple icons, (in this case two) although you will not be able to see the identity of other attendees:

If you wish to remove yourself from the event, go back into the individual event and press the RSVP button again and follow the cancel RSVP link.
