Again we were lucky with the weather, the forecast showers barely made an appearance, just two very light and short showers that didn't even require a Tx muff – it wasn't cold enough for me to bother with my muff. The wind was also lighter than forecast, we used the whole length of the lake again. There were a few rainless squalls - one just before the leeward gate (I really like gates) caused all of us to nose dive or otherwise get out of shape, I think I was able to go from 3<sup>rd</sup> to 1<sup>st</sup> as I managed to recover first :-)

Chris and John suffered breakages during race 9 and had to retire. Rob had his Rococo trimmed right from the first race and after 3 discards had just one counting 3<sup>rd</sup> place, the other 12 races were firsts or seconds. I ended up with four counting 3rds and Geoff had 6 – most unlike him!

'The Blue Boat' is a Rococo, as is Rob's – I must remember to add that to Afleet next time.
